PROFILE

Product marketer with 2+ years in digital products and proptech. I launch products from scratch: research, positioning, acquisition funnels and monetization. Founded **Keys To Moscow**, a no-fee rental media network with 60K+ users grown at zero CAC, and ran content marketing for three sub-brands of **Colife**, an international co-living network. My Digital Law degree with honours helps me navigate digital products and advertising regulation.

EXPERIENCE

Jun 2024 - Present | Founder

Keys To Moscow · Moscow · t.me/keystomoscow

- Spotted an unmet need in the rental market, renting without an agent's fee, and built a two-sided media product: Telegram channels where tenants browse for free while landlords and partners pay for placement.
- Grew the flagship channel from 0 to **43K subscribers at CAC = 0** through an organic funnel from short videos to Telegram.
- Reached **net profit** on three revenue streams: a CPA partnership with Yandex Arenda, paid landlord listings and ad integrations.
- Launched a subscription Telegram bot and brought in **5K+ users**.
- Expanded to the Moscow Region, a premium segment and a new city, St. Petersburg, adapting the channel mix to each audience.
- Built and manage a **team of 11** (producers, editors, camera operators, actors, admins) with a production pipeline from script to publication.
- Track reach, ER, conversion and retention, test hypotheses and scale what works. Daily post reach is at the niche ceiling: ~2,000, ER 4.5%.
- Handle advertiser contracts and mandatory ad labelling.

Mar 2025 - May 2026 | Content Marketer

Colife · Moscow · international co-living network

- Owned content marketing for 3 sub-brands, 5 channels on 4 platforms, with separate positioning and a content strategy for each.
- Generated **629 qualified leads** through funnels and lead magnets.
- Earned **30.1M organic views** with no promotion budget.
- Launched 2 channels from scratch that peaked at **1.88M and 2.41M views a month**, and gained 7K+ followers from zero.
- Delivered **113% of the monthly plan** on average.
- Ran all brand social media end to end, from content plan to publishing, and reported plan vs. actual with recommendations to management.
